

COVID-19 Chesterfield Support Network

Some useful information about local services, produced by people who want to help during the Coronavirus outbreak.

The pages contain information of some local businesses that have changed their business model to offer new services; collection, delivery or takeaway.

Some local wholesalers are now offering products direct to the public, as demand from the pub and restaurant trade is put on hold.

It also contains links to other services and a list of links for businesses impacted by Coronavirus.

This list has been compiled from information and posts in the COVID-19 Chesterfield Support Network Facebook group. This Facebook also page contains information on business services locally.

This document was compiled on Friday 26 March and contains correct details, as far as we can tell on this date. Many businesses not listed continue to offer services as usual.

If you know of anyone who self-isolating or vulnerable, please print this document off and post it through their letterbox.

And when this is all over?

It's important we continue to support small independent business and the local economy. Please look at how you may have changed your shopping habits, could you continue to do so?

Scan the quick code by offering your phone or tablet's camera to the code for the link to take you to a Youtube video, 'Tale of a tenner'.

This two and half minute film has never been more important.
