

## Programme of Events for Parents of Year 6 Students Starting Highfields in September 2021

From 1<sup>st</sup> April onwards you will receive information and activities for your child to complete, that will best help them make a smooth transition to Highfields School.

Please make sure that you download the Weduc app by 12<sup>th</sup> March so that you receive all communications.

We have thought about those issues and concerns you might have – what is the school like, how will I find my way around, how do I buy the uniform, what will happen with the buses?

We will keep updating you on key information, but below are a few pieces of information and activities that you will expect to see before the start of term in September. Activity work and information forms must be returned by the deadline date to allow us to process the information to support your child.

<b>August</b>	Parent pay information to pay for locker, and load school dinner money account	Parent	

From September, the transition programme will continue with some very focused 'year 7' time and activities. The first day of school is a dedicated to Year 7 students only. **This is Wednesday 1<sup>st</sup> September.**

We will keep in touch to make sure students have the best possible transition experience in this climate. Our priority remains that students feel part of our community and to allay as many worries as possible whilst beginning to outline our expectations. In this way, together we will be able to ensure that every student begins their Highfields journey as smoothly as possible.
