Week	Core	Aim Higher
Commencing	FVAM FINAL RIPOR REVELOPMENT	DODTEOL TO A .
11 March 24	EXAM FINAL PIECE DEVELOPMENT - Idea 2: Combine ideas from artists, bringing in strong development and themes throughout. Create a 2 nd double page of ideas using 1 st , 2 nd , and 3 rd artists.	PORTFOLIO: Act on next step feedback given in coursework sketchbooks
	You must show different compositions and media exploration.	
18 March 24	EXAM FINAL PIECE DEVELOPMENT- Select 1 idea to develop further into a final outcome: At least 1 double page. Fully resolve composition and media to be used in final piece.	PORTFOLIO: Act on next step feedback given in coursework sketchbooks
25 March 24	EXAM FINAL PIECE DEVELOPMENT- Complete all development work: Have a trial run of your final piece on a smaller scale to resolve any potential difficulties before the exam.	PORTFOLIO: Act on next step feedback given in coursework sketchbooks
1 April 24 (holidays)	REVIEW AND REFINE: Act on all 'Next Step' advice. Ensure all sketchbook work is completed. Prepare any resources need for your final exam.	PORTFOLIO: Act on next step feedback given in coursework sketchbooks and ensure all work is finished
8 April 24 (holidays)	REVIEW AND REFINE: Act on all 'Next Step' advice. Ensure all sketchbook work is completed. Prepare any resources need for your final exam.	PORTFOLIO: Act on next step feedback given in coursework sketchbooks and ensure all work is finished
15 April 24	FINAL EXAM Exam sketchbook must be submitted at start of timed period.	PORTFOLIO: Complete all work All work (sketchbooks, final pieces any 3D work) to be submitted at the end of the exam

Business

Week / Date	Topics	Some of the main things to check you know
11.03.2024	2.3 The economic climate	Features of a good / improving economic climate and a poor / weakening climate. Interest rates and the economic climate. Levels of employment and consumer spending – including elastic / inelastic demand. https://www.bbc.co.uk/bitesize/guides/zbtwd6f/revision/1
11.03.2024	2.4 Globalisation	What globalisation is. Impact of globalisation on increasing international trade. Multinational / transnational companies. Advantages and disadvantages of globalisation. Exchange rates and their impact on trade – SPICED https://www.bbc.co.uk/bitesize/guides/z4fm2sg/revision/1
11.03.2024	2.5 Legislation	What legislation is. Employment Law – e.g. National Living Wage. Health and Safety Law. Consumer Laws e.g. Consumer Rights Act. Effects of these laws on businesses – benefits and costs https://www.bbc.co.uk/bitesize/guides/zv6cgwx/revision/1
18.03.2024	2.6 The competitive environment	The competitive environment – markets, different levels of competition including monopoly. How businesses compete e.g. on price, by developing new products, through marketing. Uncertainty and risk. Internal and external risks. How risks can be managed / reduced – plans, consultants, diversification https://www.bbc.co.uk/bitesize/guides/zhmg382/revision/1
18.03.2024	3.1 Production processes	The advantages and disadvantages of different methods of production, such as job and flow production. How production can be made more efficient. How lean production can increase efficiency. Production Processes - Production processes - AQA - GCSE Business Revision - AQA - BBC Bitesize
18.03.2024	3.2 The role of procurement	The difference between just-in-time and just-in-case approaches to managing stock. The factors that might influence the choice of suppliers. The effects of procurement and logistics on a business. The value of effective supply chain management. Just-in-time (JIT) stock control - The role of procurement - AQA - GCSE Business Revision - AQA - BBC Bitesize
25.03.2024	3.3 The concept of quality	The meaning of quality. The importance of meeting customer expectations. How businesses measure quality and identify quality problems. The consequences of quality problems. The methods of maintaining consistent quality: Total Quality Management (TQM). The costs and benefits of maintaining quality. Consequences of quality issues - The concept of quality - AQA - GCSE Business Revision - AQA - BBC Bitesize
25.03.2024	3.4 Good customer service	What good customer service is. The methods of good service. The benefits of good customer service. The dangers of poor customer service. How ICT can help businesses to offer good customer service. Methods of good customer service - Good customer service - AQA - GCSE Business Revision - AQA - BBC Bitesize

25.03.2024	4.1 Organisational structures	Why businesses have organisational structures. The different roles and responsibilities within an organisation. Why businesses use different organisational structures. How organisational structures affect the way a business is managed. The advantages and disadvantages of centralisation and decentralisation Hierarchical and flat organisational structures - Organisational structures - AQA - GCSE Business Revision - AQA - BBC Bitesize
08.04.2024	4.2 Recruitment and selection of employees	Why businesses need to recruit. The main methods and stages of recruitment and selection. The benefits to a business from having an effective recruitment and selection process. Different types of employment e.g. full- and part-time. What a contract of employment is. The need for recruitment - Recruitment and selection of employees - AQA - GCSE Business Revision - AQA - BBC Bitesize
08.04.2024	4.3 Motivating employees	What is meant by motivation. The benefits to a business of having motivated staff. The methods of motivation used by a business. Attracting employees, retaining employees and productivity - Motivating employees - AQA - GCSE Business Revision - AQA - BBC Bitesize
08.04.2024	4.4 Training	What is meant by the term training. Why training can be important to a business. The main types of training provided by a business and their advantages and disadvantages. Importance of training the workforce - Training - AQA - GCSE Business Revision - AQA - BBC Bitesize
15.04.2024	5.1 Identifying and understanding customer needs	The importance of identifying and satisfying customer need and wants. How a business identifies a business opportunity and provide a product or service that customers will buy. How they will want to increase sales, selecting the right marketing mix to avoid costly mistakes and be competitive. What are customer needs? - Identifying and understanding customer needs - AQA - GCSE Business Revision - AQA - BBC Bitesize
15.04.2024	5.2 Segmentation	What is meant by "the market", the benefits and meaning of segmentation and the different ways to segment a market e.g. age, gender Identifying market segments - Market segmentation - Edexcel - GCSE Business Revision - Edexcel - BBC Bitesize
15.04.2024	5.3 The purpose and methods of market research	The purpose of conducting market research, the maths behind some research, how businesses use market research to inform decision making and the different primary and secondary methods. The purpose of market research – Market research – Edexcel – GCSE Business Revision – Edexcel – BBC Bitesize
22.04.2024	5.4 Elements of the marketing mix 5.5 Using the marketing mix: product and pricing 5.6 Promotion and distribution	The meaning and elements of the marketing mix and the factors that Influence the appropriate marketing mix. The importance of product in the marketing mix, the factors influencing price of the product and the significance of price in the marketing mix. How promotional activities enable growth, how to select the right promotional mix. Influences on distribution and the

importance of distribution.

		T
		<u>Introduction to the marketing mix - The elements of the</u> marketing mix - AQA - GCSE Business Revision - AQA - BBC
		Bitesize
22.04.2024	6.1 Sources of	Why businesses need to raise finance. The sources of finance
	finance	used by new and established businesses. The advantages and
		disadvantages of using these sources of finance. Which sources
		are most appropriate for given circumstances?
		<u>Short-term finance - Sources of Finance - AQA - GCSE Business</u>
		<u>Revision - AQA - BBC Bitesize</u>
29.04.2024	6.2 Cash flow	What cash flow is, and why it is important to all businesses.
		How and why cash flows are forecasted. How to interpret cash
		flow and how to overcome cash flow problems. The difference
		between cash flow and profit.
		The importance of cash flow - Cash and cash flow - AQA -
		GCSE Business Revision - AQA - BBC Bitesize
29.04.2024	6.3 Financial terms	Introducing some basic terms and calculations, including the
	and calculations	difference between variable costs, fixed costs and total costs.
		The reasons why businesses invest. How to calculate the
		average rate of return of an investment. How to interpret
		break-even charts and the value of break-even analysis to a business.
		5 35555.
		Basic financial terms - Financial terms and calculations - AQA - GCSE Business Revision - AQA - BBC Bitesize
29.04.2024	6.4 Analysing	Why businesses prepare financial statements. The components
23.04.2024	financial	of financial statements. How to interpret financial statements
	performance of a	and their importance to a business.
	business	Purpose of financial statements - Analysing the financial
	2 30	performance of a business - AQA - GCSE Business Revision -
		AQA - BBC Bitesize

Computing

Week	Core	Aim Higher
Commencing	Core	Ailli Highei
11 March 24	System Architecture	System architecture
	Describe the purpose of cores, cache, clock	Describe the purpose of the ALU
	speed Describe the Functions of registers inside	Describe the purpose of the Control Unit
	the CPU	Control offic
		Revision resources

	Storage Describe why computers use secondary	
	storage	
	Identify advantages and disadvantages of	
	each type of secondary storage (Optical,	
	Magnetic and Solid State)	
	Justify the choice of storage devices for a given scenario based on cost, portability,	
	robustness etc	
	Describe the difference between a complete	
	and incremental back up	
	Revision resources	
	Algorithms	Algorithms
	While loops practice tasks	Arrays practice tasks
25 M 24	No	
25 March 24	Number systems Describe why computers process data as	
	binary	
	Convert denary to hex and hex to denary	
	Describe how hexadecimal numbers are	
	shorter and easier to remember when	
	representing numbers	
	Revision resources	

Algorithms

For loops practice tasks

Algorithms

2D Arrays practice tasks

IDE

State 1 difference between machine code and high level code State 1 difference between and compiler and an interpreter Describe the purpose of a code editor and error diagnostics

Revision resources

Programming fundamentals

Describe the terms variables, casting and concatenation

Describe 3 programming constructs, sequence, selection and iteration

Describe the difference between syntax and logic errors

Revision resources

1 April 24 (holidays)

Character sets

Describe the term character set

Describe how the ASCII character set works

Describe how the Unicode character set

works

Revision resources

Images

Describe how images are stored as pixels
Describe using examples how metadata
stores information about an image
Describe how image resolution effects the
quality and file size of an image

Revision resources

Sound

Describe how sampling is used to record store sound Describe the effect of increasing the sampling rate on the file size and quality of a recorded sound

Revision resources

Compression

Describe why compression is needed Describe the difference between lossy and lossless compression

Revision resources

Character sets

Describe the difference between ASCII and extended ASCII

Revision resources

Images

Describe the effect of changing colour depth on the file size and quality of an image

Revision resources

Sound

Describe the effect of increasing the bit rate on a recorded sound

Revision resources

	Algorithms	
	Functions and procedures practice tasks State 1 difference between a function and procedure	Write functions with more than 1 parameter and call the function within the main program
	Revision resources	Revision resources
8 April 24 (holidays)	Networks Describe the term Local Area Network Describe the term Wide Area Network Describe how the amount of bandwidth and the distance between devices and a router / WAP effects the performance of a network Describe the purpose of NIC's and WAP's (Wireless access points) and routers in a network State the purpose of a client and server in a client server network Describe 1 difference between a client server and peer to peer networks. Revision resources	
	Algorithms File reading and writing practice tasks Random number generation practice tasks Maths function practice tasks SQL SQL practice tasks	
15 April 24	The internet Describe how DNS is used for websites State 1 advantage and 1 disadvantage of cloud computing Identify and draw star and mesh network topologies	State 3 advantages and 3 disadvantages of cloud computing Revision resources
	State 2 differences between IP and MAC addresses State why ethernet and HTTP are standards State the purpose of HTTP, FTP, POP, IMAP and SMTP protocols State why layers are used Revision resources	State 3 differences between IP and MAC addresses Revision resources Describe the advantages of using layers
		Revision resources
	Binary logic Draw and complete truth tables for AND, OR and NOT gates	Binary logic Use Boolean notation (^ v ¬) to draw logic circuits
	Revision resources	Revision resources
22 April 24	Network security Describe the main security threats to a network and how to prevent them Malware	

Social engineering Brute force attacks Denial of service attacks Data interception and theft SQL injection Revision resources Testing Describe the difference between iterative and final testing Describe using an example the normal, boundary and erroneous data Revision resources Validation & Defensive design Describe how 2 types of validation might be used in an algorithm Revision resources Operating systems Describe 3 features of an operating system State 3 file management features of an operating system Revision resources Utility software Describe how defragmentation software is used Describe how defragmentation software is used Describe how defragmentation software is used Describe how all types of algorithms Demonstrate the use of bubble, insertion and merge sorts Describe how all types of algorithm produce a sorted list Revision resources Searching algorithms Searching algorithms

Demonstrate the use of bubble, insertion and merge sorts Describe how all types of algorithm produce a sorted list Revision resources
and merge sorts Describe how all types of algorithm produce a sorted list Revision resources
Describe how all types of algorithm produce a sorted list Revision resources
a sorted list Revision resources
Revision resources
Searching algorithms
Searching algorithms
Demonstrate the use of binary and linear
searches
State when it is better to use a binary or
linear search depending on the amount of
data to be searched
Revision resources
6 May 24 Ethical, legal and cultural impacts
Describe how the computer misuse act is
designed to prevent unauthorized access to
computer systems
Describe how the data protection act
ensures that data is accurate and up to date

Revision resources Describe 2 differences between open source and proprietary software Revision resources	
Abstraction Describe using examples the term abstraction Revision resources	
Flowcharts Identify the different shapes used in flowcharts Draw simple flowcharts to represent algorithms	
Revision resources	

Drama

Week	Core	Aim Higher
Commencing		
11 March 24	Learn lines for scripted performance on Thursday 21st March. You should be rehearsing for 1 hour a week with your group outside of lessons.	Rehearse with lighting/sound and ensure the production is slick and smooth. Download all music to a device that works with the school speakers (ensuring your music does not rely on data/wifi).
18 March 24	Learn lines for scripted performance on Thursday 21st March. You should be rehearsing for 1 hour a week with your group outside of lessons.	Rehearse with a focus on your characterization and use of physical and vocal skills. Do you demonstrate successful multi-role in your work. Can you make this better?
25 March 24	Re-watch your chosen moments for the Live Theatre Review (Things I Know to be True) edu.digitaltheatreplus.com Username: Student_1125 Password: topic@6226 THE LIVE THEATRE REVIEW IS WORTH 32/80 MARKS ON THE EXAM PAPER, AND THEREFORE 32/200 FOR THE OVERALL GCSE. THIS IS NEARLY 15% OF YOUR GCSE. Ensure you have a flow chart or spider diagram for your favourite 5 moments.	For each quote your have selected, analyse using at least 3 vocal skills and 3 physical skills. Practice linking your favourite quotes and moments back to the following question: Describe how one or more actors in a particular scene or section used their vocal and physical acting skills to engage the audience. Analyse and evaluate how successful they were in communicating character/s to the audience. You should refer to Vocality Physicality Proxemics (32 marks)
1 April 24 (holidays)	Create another Moment spider diagram or Flowchart - whichever works best for your revision. This can be a new moment or an improvement on a moment you have already made. Each moment (P) should have 3 pieces of evidence (E), each with 3 vocal and 3 physical skills (A) with your response/what it shows/how it makes you feel (R). You could also access: Access All Users via VLE - head to DRAMA FOLDER > LIVE THEATRE REVIEW REVISION Log in Details: Student_1125 Password: topic@6226	Use the new moment you have created to write a PEAREARL paragraph for this question. **Describe* how one or more actors in a particular scene or section used their vocal and physical acting skills to convey their relationship. **Analyse* and evaluate how successful they were in communicating character/s to the audience. **You should refer to* ** Vocality* ** Physicality* ** Use of Space* (32 marks)

8 April 24 (holidays)	Blood Brothers Revision BLOOD BROTHERS IS WORTH 44/80 MARKS IN THE EXAM. This is 22% of your GCSE (more than your scripted exam!!) Watch the whole play for a final time. As you watch, make notes/remind yourself of settings for each scene. Blood Brothers Part 1 - YouTube	Remind yourself of the costumes: as you watch make a note of the fabric, colours and condition of clothing worn by principle characters.
15 April 24	Complete quizzes online (SMHW) for 4 multiple choice questions. Create/improve/develop your resource for Social, Cultural and Historical context of Blood Brothers.	Further reading and research and revision about: 1. Stage types 2. Theatre job roles
22 April 24	Blood Brothers: Complete character and importance to the play revision available on SMHW	Blood Brothers: Complete a role on the wall for each character too.
29 April 24	Blood Brothers: Create a THEME resource that will help in preparation for question 6.4. This resource should consider all main characters and what theme or personality links to them. For example, if you get a question on Mickey, you may look for examples of: his working class background, his caring nature, his pride or his change in energy from start to end.	Blood Brothers: Using examples given in class, annotate and read through to aid development of your own writing. You might be looking for how they describe and analyse the characters vocal and physical skills, or perhaps you want to look at how to incorporate Social, Cultural and Historical context in your answer.
6 May 24	YOUR EXAM IS THIS WEEK. Recap what you need in each Blood Brothers question and the structure for each question (6.1, 6.2, 6.3 and 6.4)	Vocab practice: Test your capabilities of using and describing key vocal and physical skills.

1 April 24 (holidays)	Complete Drawing and Maths questions & Self-Assess
8 April 24 (holidays)	Revise Environment
15 April 24	Complete Environment questions & Self-Assess
22 April 24	Revise Engineering Developments & testing
29 April 24	Complete Engineering Developments & testing questions & Self-Assess
6 May 24	Complete Past Paper & Self-Assess
13 May 24	Complete Past Paper & Self-Assess

English

Week	Core	Aim Higher
Commencing		
11 March 24	Planning and prioritising your revision There are 9 weeks to go before our first exam. Please refer to SMHW for video links and notes. You: MUST: Watch these two videos and use them to create a strategy for yourself that will best prepare you for the summer exams.	SHOULD: Make a start and use the advice to improve at least one of the weaker questions of your mock English language and English literature exams
18 March 24	Macbeth There are 8 weeks to go before our first exam. Please refer to SMHW for video links and notes. You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed essay plan in response to a Macbeth question You COULD do all of the above and write a thesis statement and one paragraph that matches your target grade (bring it in to your teacher to check!)
25 March 24	A Christmas Carol There are 7 weeks to go before our first exam. Please refer to SMHW for video links and notes. You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed essay plan in response to A Christmas Carol question You COULD do all of the above and write a thesis statement and one paragraph that matches your target grade (bring it in to your teacher to check!)
1 April 24 (holidays)	English language paper 1 There are 6 weeks to go before our first exam. Please refer to SMHW for video links and notes. You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed answer plan in response to question 2, 3 or 4 AND practise your Q5 description / narrative answer You COULD do all of the above and write a full answer to one or all of these questions (bring it in to your teacher to check!)
8 April 24 (holidays)	English language paper 2 There are 5 weeks to go before our first exam. Please refer to SMHW for video links and notes. You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed answer plan in response to question 2, 3 or 4 AND practise your Q5 persuasive writing answer You COULD do all of the above and write a full answer to one or all of these questions (bring it in to your teacher to check!)
15 April 24	An Inspector Calls There are 4 weeks to go before our first exam. Please refer to SMHW for video links and notes. You MUST watch at least three of these	You SHOULD use the notes and a mark scheme to create a detailed essay plan in response to An Inspector Calls question You COULD do all of the above and write a thesis statement and one

	and make notes on what you've learnt	paragraph that matches your
	and make notes on what you've learnt	paragraph that matches your target grade (bring it in to your
		teacher to check!)
22 April 24	Poetry anthology and unseen poetry There are 3 weeks to go before our first exam. Please refer to SMHW for video links and notes. You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed essay plan in response to A POETRY ANTHOLOGY and AN UNSEEN POETRY question You COULD do all of the above and write a thesis statement and one paragraph that matches your target grade (bring it in to your teacher to check!)
29 April 24	English language paper 1 There are 2 weeks to go before our first exam. Please refer to SMHW for video links and notes – if you've watched them before, review your notes You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed answer plan in response to question 2, 3 or 4 AND practise your Q5 description / narrative answer You COULD do all of the above and write a full answer to one or all of these questions (bring it in to your teacher to check!)
6 May 24	Macbeth and A Christmas Carol There is just 1 week to go before your first exam. Please refer to SMHW for video links and notes — if you've watched them before, review your notes You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed essay plan in response to a Macbeth AND A Christmas Carol question You COULD do all of the above and write a thesis statement and one paragraph that matches your target grade (bring it in to your teacher to check!)
13 May 24	An Inspector Calls and Poetry anthology There is just 1 week to go before your second exam. Please refer to SMHW for video links and notes — if you've watched them before, review your notes You MUST watch at least three of these and make notes on what you've learnt	You SHOULD use the notes and a mark scheme to create a detailed essay plan in response to questions on An Inspector Calls AND the poetry anthology AND unseen poetry questions You COULD do all of the above and write a thesis statement and one paragraph for each that matches your target grade (bring it in to your teacher to check!)

Film

Week Commencing	Core	Aim Higher
11 March 24	Revise District 9 using the provided Film Revision Sheet. Learn about narrative theorists, watch linked YouTube Key Scenes.	Attempt the past questions provided.
18 March 24	Revise Wadjda using the provided Film Revision Sheet. Learn about representation of age, gender and culture. Watch linked YouTube Key Scenes.	Attempt the past questions provided.
25 March 24	Revise Attack the Block using the provided Film Revision Sheet. Learn about aesthetics and genre, watch linked YouTube Key Scenes.	Attempt the past questions provided.
1 April 24 (holidays)	Revise The Hurt Locker using the provided Film Revision Sheet. Learn about Tara McKelvey and her article, watch linked YouTube Key Scenes.	Refine your prepared answer.
8 April 24 (holidays)	Revise Singin' in the Rain using the provided Film Revision Sheet. Learn about the four core areas and narrative/representation/aesthetics, watch linked YouTube Key Scenes.	Attempt the past questions provided.
15 April 24	Revise Grease using the provided Film Revision Sheet. Learn about the four core areas and narrative/representation/aesthetics, watch linked YouTube Key Scenes.	Attempt the past questions provided.
22 April 24	Revise the contexts of Grease and Singin' in the Rain – the three different relevant time periods ('20s/'50s/'70s) and how they are represented in the films.	Attempt some of the 20 mark questions
29 April 24	Revise the first ten points of film history. Know the precise details of each film. Use the film quizzes provided to test yourself.	Create revision flashcards for these questions
6 May 24	Revise the final six (and new) points of film history. Know the precise details of each film. Use the film quizzes provided to test yourself.	Create revision flashcards for these questions
13 May 24	Create plans for past questions. Know how you would answer and revise timings for answering the questions.

25 March 24	Start Exam Revision – Focus Topics & Questions Provided	2022- 024
	What do I need to revise?	2023: Q2d.
	Commodity — Fruits & Vegetables Principles of nutrition — Macronutrients	Discuss why we should be
	Principles of nutrition — Macronatherits	eating more
	Focus is on	starchy
	protein, fats, carbohydrates	carbohydrate

	1	Ţ
	Autumn 2020: Q2b. Discuss how parents can establish healthy eating habits with their children. [5] 2022: Q.4a(ii). Describe how a vegan can ensure they achieve their daily intake of protein. [5]	foods and less sugary carbohydrate foods.[6] 2021: Q2e. Explain why it is important to include a variety of fruit and vegetables in the diet. [6]
1 April 24	What do I need to revise?	
(holidays)	Commodity – Dairy Principles of Nutrition – Micronutrients, Water & Fibre.	2023: 4d. Explain how you can
	Focus is on fat soluble vitamins, water-soluble vitamins, minerals.	minimise vitamin C loss during food
	2021: Q3e. Discuss the nutritional importance of milk in the diet of pre-school children. [5]	preparation and cooking. [6]
8 April 24	What do I need to revise?	
(holidays)	Commodity — Bread, Cereal, Flour & Oats Diet & Good Health — Energy requirements of individuals, Plan balanced diets & Energy Values and Nutritional Values Focus is on Energy requirements of individuals — recommended daily intake, how nutrients work, basal metabolic work & physical activity Plan balanced diets & Energy values — Healthy diet guidelines, Changing nutritional needs with age, vegetarianism, religious beliefs & dietary requirements e.g. coeliac disease, diabetes, lactose intolerance, nut allergies. Nutritional Values — Calculating energy and requirements, using nutritional information to change diets, adapting a recipe & energy balance. 2019: Q2e. Evaluate the consequences of a diet that is high in	2019: Q8. Nutritional needs change during various life stages. Discuss the nutritional needs of the following groups: [12] Pre-school children Teenagers Later adulthood
	fat. [7] 2021: Q4d. Discuss how careful menu planning and cooking can	
15 April 24	be used to reduce the fat content of meals. [7] What do I need to revise?	
13 Аргіі 24	Commodity – Meat, Fish, Poultry & Eggs The Science of Food – The effect of cooking on Food & Food Spoilage Focus is on The effect of cooking on food: why food is cooked, heat transfer, cooking methods, micro-organisms, working	2019: Q7. Assess how a refrigerator can be best used to store food
	characteristics, Chemical reactions, why recipes fail e.g. pastry, bread, sauces & cakes.	successfully. [9]
	Food Spoilage: Food storage, dates & labelling, growth conditions, signs of spoilage, control of bacteria, crosscontamination, preservation, food poisoning & food wastage.	2022: Q8. Micro-

organisms are transferred by 2019: Q3c. Describe the functions of eggs when making baked crossproducts, using examples in your answers. [6] contamination. Discuss how **Autumn 2020: Q5.** Some health organisations are promoting a crossreduction in the amount of meat people consume. (a) Discuss the contamination nutritional effects of reducing the intake of meat. [6] can occur when making a chicken and bacon salad and describe the methods of control that can be used to ensure food safety. [8] 22 April 24 What do I need to revise? **Commodity** – Soya, Tofu, Beans, Nuts & Seeds 2018: Q9. Where Food Comes From – Food provenance, Culinary Assess how traditions & Food Manufacturing. consumers can show Focus is on... environmental **Food provenance** – Food origins e.g. farming, caught & reared. awareness Environmental factors, Packaging, sustainability, food security. when Culinary traditions – British, Japanese & Spanish shopping for Food manufacturing – primary and secondary processing and food. [10] the impact on ingredients, technological developments, GM crops, additives. Autumn 2020: Q6. British Food **2021: Q8d.** Farming involves growing crops or breeding animals to produce food. Discuss why animal protein is more expensive to Fortnight is produce than plant protein. [5] held annually to celebrate British food and drink. Evaluate the benefits of buying and eating food produced in Britain. [8] 29 April 24 What do I need to revise? **Commodity** – Butter, Oils, Margarine, Sugar & Syrup 2022: Q9. **Cooking & Food Preparation** – Factors Affecting Food Choice Discuss the & Preparation and Cooking Techniques influences cultural and Focus is on... lifestyle Factors affecting food choice - Sensory factors/ testing, changes have factors influencing food choice, food marketing & endorsements, had on food religious choices, Ethical concerns and making informed choices choice and Preparation & cooking techniques – Planning for cooking, availability. preparation of ingredients, cooking a selection of recipes, use of [10] equipment, when food is ready, presenting a selection of recipes, safely working, independently working, using sensory descriptors, 2023: Q5.

preparation & cooking.

The UK has

	T	T
C May 24	2019: Q5b. Discuss other factors that influence food choice. [6] Stimuli to date have included 2018 – Bread. 2019 – Methods of cooking Autumn 2020 – Making choux pastry 2021 – Making pancakes 2022 – Making pasta 2023 – Making a Shortcrust Pastry Vegetable Quiche	seen a rise in food poverty. (a) Assess how food poverty is affecting the diet and health of some families. [8]
6 May 24	What do I need to revise? Spend more time on The science of Food - Food Labelling & packaging Factors Affecting Food Choice - Sensory Evaluation 2019: Q5c. Explain the role of sensory evaluation testing in food production.[6] Autumn 2020: Q7d. Foods can be packaged in a variety of ways. Describe why packaging is important to food manufacturers and retailers. Use examples to support your answer. [8]	2018: Q8. Evaluate how food labelling informs and protects consumers. [10] 2019: Q4c. Discuss and evaluate the role of food packaging to ensure food remains in prime condition for the consumer. [10]
13 May 24	What do I need to revise? Spend more time on Technological Developments – Technology & Media Autumn 2020: Q9. Food manufacturers, food retailers and restaurants use a range of current technology/media platforms to communicate with consumers. Evaluate how the advertising and purchasing of food has been influenced by advances in the use of personal technology (e.g. smartphones, computers and tablets). [10]	2023: Q8. Many households in the UK have changed their shopping and eating habits over the last few years. Discuss and evaluate how technology and new initiatives have influenced people's choices when planning meals and purchasing food. [12]

1 April 24 (holidays)

GCSE Speaking Exams Start 15 April. Practise your conversation using your

booklet.

GCSE Speaking Exams Start 15 April.

Practise your conversation using your booklet.

Use the speaking booklet help here for answers to Theme 1, 2,

https://moodle.highfields.derbyshire.sch.uk/moodle40/theme/hfldc/smb-

Look at the bullet points on the booklet to make sure you can understand the tasks in the role play.

Make sure you can understand the question words.

Make sure you know how to ask a question.

For photo cards, practise describing photos using your PALM(W) sheet that is stuck in your book, and here:

https://moodle.highfields.derbyshire.sch.uk/moodle40/theme/hfldc/smb-

bin/smb.php?pathind=allul&path=Languages%2FGerman%2F NEW+GCSE+from+2016%2FSPEAKING%2FSpeaking+-+picture+cards+and+role+plays%2FDESCRIBING-AN-IMAGE---GER+version+2.pptx

		Faultalia with rate plane
